

# 49 Responses in “Social Media Pet Peeves” Poll

## Twitter Vomit

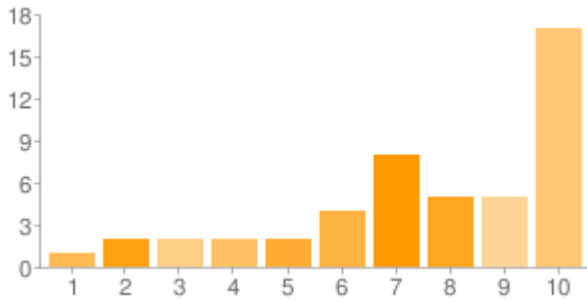

Don't mind one bit. It happens to all of us.

Cleaning up my stream by unfollowing you.

## Missing Peeve

- Famous or semi-famous people who don't follow anyone and don't reply to anyone - Alleged social media experts spewing nonstop links about how to get more followers. #1 BIGGEST PEEVE: People asking me to follow them (or asking me why I unfollowed them)"101 ways to make money with social networking" - immediate unfollow. I guess if it's 90% personal and only 10% marketing crap, I might not unfollow. Breaking up the conversation capability by sticking periods before usernames.- People who follow you then unfollow you as soon as you follow them back - People who never seem to be twee...

## ***Drake Intelligence Group, LLC***

Does your company feel overwhelmed by new technology and your ever-growing “cyber competitors” embracing that technology?

Drake Intelligence Group believes that the Internet can level the playing field. Drake can teach you the power of social media to find and communicate with new and existing customers. Drake can give you cost-effective tools to market and connect online with your customers and then measure the results. Drake can help you plan and market your special customer events and even positively transform your online image!

Contact us today for a free 1 hour consultation.
